Every Day in Every Way.™

 **Mercy**
Excellence.
Every Day in Every Way.™

PURPOSE

To increase awareness and knowledge in care management issues seen by nurse practitioners.

AUDIENCE

Physicians, Physician Assistants, Nurse Practitioners, RNs and other interested health care professionals.

OBJECTIVES

Upon completion of the program, participants will be able to:

- Identify current evidenced based guidelines for diabetic and cardiac management.
- Describe the role of the nurse practitioner in the care of neonates and young families.
- Discover current measures for the care of wounds and traumatic injuries.
- Discuss the impact of alcohol related injury on the health care system including possible interventions.
- Identify three types of complementary medicine which may be used to augment care for patients.
